

Calling all UK company secretaries and directors – reduction in which statutory registers must be kept.

From 18 November 2025, UK incorporated companies will no longer be required to hold and maintain registers of

- directors
- directors' residential addresses
- secretaries
- people with significant control (PSCs)

The information will still have to be registered with Companies House and kept up to date.

Also when registering a director's appointment with Companies House, a business occupation will no longer have to be provided.
